We manufacture the furniture and we build the space.

One vendor. One contract. One warranty.

CircleBox has produced office furniture in Dhaka since 2023. We are not a reseller — the chairs and desks in this catalogue are built in our own production, which is why a mid-range CircleBox chair carries hardware you would normally pay a premium import price for.

The business runs on two arms. **Furnish** supplies the products in these pages, from a single chair to a full floor of workstations. **Interior Studio** handles turnkey fit-out — design, build and furnishing under one contract, so there is no second vendor to coordinate and no gap in the warranty.

INSIDE THIS CATALOGUE

The range at a glance	03

Four categories, one floor plan.

Everything an office floor needs, priced so that seating, desks and storage can come from one order and one invoice.

OFFICE & EXECUTIVE CHAIRS	DESKS, TABLES & WORKSTATIONS	STORAGE, FILING & SHELVING	OFFICE SOFA & SOFT SEATING
FROM	FROM	FROM	FROM
৳2,499	৳2,499	৳1,199	৳3,499

Built in Dhaka, not imported

Our own production since 2023. It also means a dimension or a finish can be changed on most models rather than taken as it comes.

Delivered and assembled

Free delivery and assembly inside Dhaka within three days. ৳300 flat nationwide, five to seven days.

Spares held in stock

A broken gas lift is a part swap, not a dead chair and a new purchase. Parts are replaced, not just patched.

Prices in this catalogue are current as of September 2026 and are quoted per unit. Bulk rates apply from ten units — see page 10.

Choosing a chair for the hours it will do.

Chair price tracks three things: how the back is built, what the base is made of, and how many hours a day someone sits in it. Match the chair to the role, not to the room.

CHAIR TYPE	BUILT FOR	BACK & BASE	FROM
Staff & visitor	Reception, meeting rooms, short sittings	Fixed low back, nylon base	₹2,499
Computer & study	Home desk, students, two to five hours a day	Mid back, gas lift, castor base	₹4,000
Revolving & swivel	General office floor, shared desks	Mid back, 360° swivel, nylon base	₹6,000
Ergonomic mesh	Eight-hour days, back support	Full mesh, adjustable lumbar, tilt lock	₹4,499
Executive & high-back	Manager and director cabins	High back with headrest, metal base	₹13,000

MOST ORDERED

CircleBox Active Pro Chair

High-back mesh ergonomic chair with headrest — the model that sits at the crossover point between a staff chair and a proper ergonomic one, which is why it outsells everything else in the range.

PRICE	COLOURS	WARRANTY	DHAKA DELIVERY
₹5,999	Ash · Black · Blue · Green · Red	One year	Free, with assembly

Sitting more than six hours a day? Skip the general range and start at the ergonomic models — adjustable lumbar and a tilt lock are the parts that matter at that duration.

Three price bands, three build levels.

The jump between bands is hardware, not branding. Here is exactly what changes as the price moves.

ENTRY

Under ₳4,000

For desks used a few hours a day, and for reception and meeting rooms.

- Fabric or half-mesh back
- Nylon five-star base
- Class 1 gas lift
- Fixed or 1D armrest

WHAT MOST OFFICES BUY

₳4,000 — ₳8,000

Daily eight-hour seating. The band where the adjustments start to earn their money.

- Full mesh tensioned back
- Adjustable lumbar support
- Tilt with position lock
- Class 3 gas lift, 2D armrest

LEADERSHIP

Above ₳8,000

Director cabins and all-day use, where the base and mechanism carry more load.

- Aluminium or steel base
- Headrest and multi-position tilt
- Higher weight rating
- 3D armrest, seat-depth slide

Every band carries the same one-year warranty on gas lift, base and mechanism, and the same free Dhaka delivery and assembly. The warranty does not get shorter because the chair is cheaper.

Ergonomic & executive chairs

Above ₳8,000. Director cabins, senior staff and anyone at a desk for a full working day.

MODEL	PRICE (BDT)
Elevate Pro Chair	₳41,499
Cloud Chair	₳21,499
Task Pro Chair	₳19,999
Duo Comfort Chair	₳17,499
ProCurve Chair	₳16,499
Alto Chair	₳14,999
Flexi Pro Chair	₳14,499
Steady Chair	₳13,999
Core Chair	₳12,999
Accelerator Chair	₳12,999
Ergo Chair	₳10,999

Dimensions, mechanism class and colourways for each model are listed on the product pages at circleboxbd.com. Ask for the spec sheet before ordering ten seats or more.

Office, entry & visitor chairs

₹4,000 — ₹8,000

Daily staff seating. The band most offices buy.

MODEL	PRICE
Align Pro Chair	₹7,499
Active Pro Chair	₹5,999
Proline Chair	₹5,999
Pro Orbit Chair	₹5,999
NeoMesh Visitor Chair	₹4,999
Executive Chair	₹4,499

Under ₹4,000

Reception, meeting rooms and short sittings.

MODEL	PRICE
Starter Fixed Chair	₹3,999
Starter Chair	₹3,999
Basic Chair	₹3,699
Orbit Chair	₹2,499

Visitor and reception chairs are the one place where buying down is usually right — nobody sits in them for eight hours, and the money is better spent on the staff floor.

Every chair on this page carries the same one-year warranty and the same free Dhaka delivery and assembly as the executive range.

Desks & workstations

Plywood tops on powder-coated steel frames. A solid top on a steel frame holds two monitors, a printer and a person leaning on it without sagging — which is the whole difference from a particleboard desk at a similar price.

MODEL	PRICE (BDT)
Pro Desk L-Shape	₹12,499
Freestanding Study Desk	₹11,999
Office Workstation Desk	₹10,999 — ₹18,999
X-Frame Office Desk	₹7,999
Stylish T-Desk	₹5,499 — ₹8,499
Z-Frame Office Desk	₹5,500 — ₹8,000
Pro Desk	₹5,499 — ₹7,999
IronEdge Desk	₹4,499 — ₹6,499
NordicLine Desk	₹3,999 — ₹4,999
Linear Desk	₹3,999 — ₹4,499
Cubeline Table	₹2,499 — ₹3,999

Ranges reflect the size options available on that model. Custom sizing is available on workstation and executive models — the practical route when a desk has to fit a specific floor plan rather than a standard footprint.

Storage, filing & soft seating

The pieces that decide whether a floor reads as finished or as half-moved-in.

MODEL	PRICE (BDT)
Soren Side-Cabinet	₹10,999
Office Drawer Cabinet	₹5,499
Metal Frame Bookshelf	₹3,999
Dual Shelf	₹2,999
Side Table	₹2,499 — ₹2,999
RusticShelf	₹2,499
Monitor Riser & Vertical Storage Shelf	₹1,199 — ₹2,499

Office sofa

MODEL	PRICE (BDT)
Block Sofa	₹3,499 — ₹6,999

Storage ranges reflect the size or configuration options on that model. Cabinet and shelving finishes can be matched to the desks on the same order.

FOR TEAMS

Ten seats or more.

Bulk pricing, a scheduled delivery slot, and proper VAT invoicing your finance team can file.

BULK & WHOLESALE

- Wholesale rate from ten units
- Single contract, single warranty
- Named contact after the invoice
- Scheduled delivery slot, floor by floor
- Matched finishes across categories

CUSTOMISATION

- Custom sizing on workstation and executive models
- Finish matched to an existing floor
- Built to a specific floor plan, not a standard footprint
- Quoted as one package, not per category

INTERIOR STUDIO

When the furniture is only half the job.

Interior Studio takes on turnkey office fit-out — design, build and furnishing under one contract. Because the furniture is ours, there is no second vendor to coordinate, no gap between who built the space and who supplied the chairs, and one warranty covering both.

The usual starting point is a floor plan, a headcount and a budget. We come back with a layout, a furniture schedule drawn from this catalogue, and a single quotation.

Delivery, warranty & ordering.

01 Pick your model

Order on the site, or send us your budget and how many hours a day the chair will be used — we will shortlist two or three.

02 Confirm and pay

Cash on delivery inside Dhaka, or bKash, Nagad and card online.

03 Delivery and assembly

Within three days inside Dhaka. Our team assembles the chair or desk at your desk, at no charge. Elsewhere in Bangladesh, ₳300 flat, five to seven days.

04 One-year warranty

Covers gas lift, base and mechanism. Parts are replaced, not just patched, and spares are held in stock.

Before you order ten or more

Ask for the spec sheet and, where possible, see the chair. A model that suits a five-hour day is not always the one that suits eight, and that gap is expensive at scale.
